Name of Child to be enrolled _____ Today's Date _____

Parent(s) Name _____ Best ph. Number and time to call _____

What has been your previous experience with the Montessori philosophy?

What are your developmental expectations for your child for the next three years (physical, social, emotional, academic, and other?) What milestones do you expect to see in your during each of the next three years?

The Montessori Method is based on a three year curriculum for the child. The kindergarten year is an important year for every child in our school and we ask our parents to commit their child to participation in this program. Where are you planning to send your child for kindergarten?

What questions do you have about your child's education during the next 4 to 6 years?

Our center is a parent cooperatively run school. Parents are required to contribute time to committee work to help in the operation of the school (approximately 3 hours per month). Do you anticipate any difficulty in fulfilling this responsibility?

Additional Parent Responsibilities include attending one Parent / Teacher conference, two Parent Cooperative meetings and three Parent Education meetings each School Term. Please list any accommodations you foresee necessary for at least one parent of this child attend all of these events each year (child care, evening/weekend scheduling, etc.)

Do you have a profession, hobby or talent that you would be willing to share with the school or in the classroom? If yes, please give a brief description.

This center takes note of some holidays with discussions, songs, stories and decorations. These holidays include Christmas (we do not present a Santa theme), Hanukkah, Kwanza, Easter, Martin Luther King Day and Valentine's Day. The featured parties at break times emphasize Winter and Spring celebrations. Are comfortable having your child participate in these holiday activities?

How did you hear about the KHMC school and day care center?
